

LG ENVOY™ II

Getting to Know Your Phone

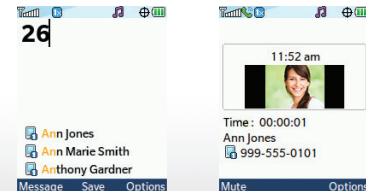

Calls

LG Envoy™ II's large keypad makes dialing phone numbers quick and easy.

Make a Phone Call

- From the home screen, begin dialing a number or start spelling the name of the desired contact.
- Press **Call** to call the number or highlight the contact you wish to call and press **OK**.

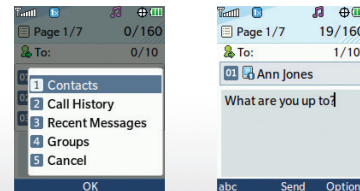

Messages

When you need to communicate quickly and privately, use text messaging.

Send a Message

- From the home screen, press the **Left Soft Key** for **Message**.
- Select **New Text Message (1)**.
- Enter the recipient's number or press the **Right Soft Key** for **Options** to access your contact list.
- Scroll down to the text field, enter your message, and then press **OK** for **Send**.

NOTE Please don't text and drive.

Personalize

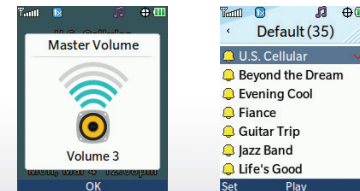

Customize your phone by changing ringtones and alert sounds for a more personal touch.

Adjust Volume

To adjust the master volume, from the home screen, press the **Volume Up/Down Keys**.

Change Ringtone

- From the home screen, press **OK** for **Menu**.
- Select **Settings (9) > Sound (1) > Ringtones (1) > All Calls (1) > Default (2)**.
- Highlight a ringtone and press the **Left Soft Key** for **Set**.
- To adjust alert sounds, select **Message Alerts (3)** in the **Sound Settings** menu, choose **All Messages (4) > Default (2)** and follow step 3.

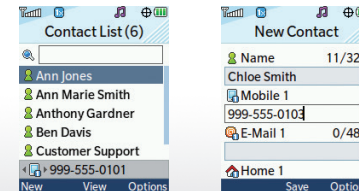

Contacts

Envoy II has plenty of space to store your contacts' information.

Add a Contact

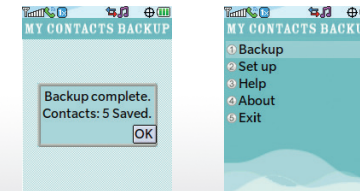

- From the home screen, press the **Right Soft Key** for **Contacts**.
- Press the **Left Soft Key** for **New**.
- Enter the contact's information and press **OK** for **Save**.

My Contacts Backup

Back up your mobile contacts to your online address book.

- From the home screen, press **OK** for **Menu**.
- Select **My Contacts Backup (0)**.
- Press the **Left Soft Key** twice.
- Press the **Left Soft Key** to confirm your phone number.
- Enter a PIN. You'll need it to manage your account online. Press the **Left Soft Key** for **OK**.
- Press the **Left Soft Key** for **OK**.
- Press the **Left Soft Key** for **Yes** to back up your contacts.
- Press **OK**.

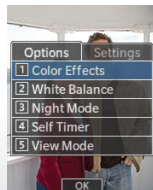

Camera

Capture every moment with the 1.3 megapixel camera.

Take a Photo

1. From the home screen, press **OK**.
2. You may adjust settings such as white balance and brightness. Press **OK** or **OK** to take a photo.
3. To save your photo, select **View (3)** and press the **Left Soft Key** for **Save**.

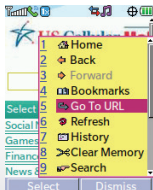

Browsing

Browse the web with ease on Envoy II.

Browse the Web

1. From the home screen, press **OK** for **Menu**.
2. Select **Browser (7)**.
3. If prompted, press **OK** for **Yes (1)**.
4. Press the **Right Soft Key** for **Menu** and select **Go To URL (5)**.
5. Enter a web address, scroll down to **Go**, and press **OK**.
6. To exit the browser, press **END**.

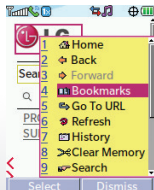

Browsing (continued)

Add bookmarks for quick access to frequently visited websites.

Add and Use Bookmarks

1. Access the browser and navigate to a site you wish to bookmark.
2. To add a bookmark, press the **Right Soft Key** for **Menu** and select **Bookmarks (4)**.
3. Press the **Left Soft Key** for **Mark Site**, scroll down to **Save**, and press **OK**.
4. To access a bookmarked site, press the **Right Soft Key** for **Menu** and select **Bookmarks (4)**.
5. Scroll down to the desired site and press **OK**.

Customize

Personalize your Envoy II by changing the wallpaper and home screen banner.

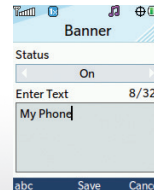

1. From the home screen, press **OK** for **Menu**.
2. Select **Settings (9) > Display (2)**.

Change Wallpaper

1. From the **Display Settings** menu, select **Wallpaper (1)**.
2. Choose from default images or your own photos.
3. Highlight an image and press the **Left Soft Key** for **Set**.

Change Banner

1. From the **Display Settings** menu, select **Banner (2)**.
2. Scroll to the text field, enter a new banner, and press **OK** for **Save**.

Apps

Download applications and games from **easyedge**.

Download Applications

1. From the home screen, press **OK** for **Menu**.
2. Press **OK** for **easyedge (5)**.
3. Highlight a category and press **OK**.
4. Follow the prompts to download content.

Bluetooth®

Connect to headsets, computers, and more via *Bluetooth* wireless technology.

Connect to a Device

1. Place the *Bluetooth* device you wish to pair with in pairing mode. From the home screen, press **OK** for **Menu**.
2. Select **Settings (9) > Bluetooth (5) > Paired Devices (1)**.
3. Press the **Left Soft Key** for **Search**.
4. Select **Yes (1) > New Search (1)** to turn on *Bluetooth* and begin searching for devices.
5. Highlight a device name and press **OK** for **Pair**.
6. Select **Yes (1)** to connect to the device.
