About your phone

NOTE: Devices and software are constantly evolving—the screen images and icons you see here are for reference only.

Setting up your phone

Your phone already has a SIM card installed.

Optional: Insert the microSD card.

1. With the phone facing down, insert the tool that comes with your phone into the small hole on the card tray and pop out the tray.

2. Insert the microSD card with the gold contacts facing up.

NOTE: The microSD card is sold separately.

3. Carefully insert the tray back into the phone and make sure it closes securely.

Charge your phone

Before turning on your phone, charge it fully.

Insert the small end of the USB-C cable into the charger port. Insert the other end into the power adapter, and plug the power adapter into an electrical outlet.

WARNING! Only use approved chargers with your device. Incompatible chargers or tampering with the charger port could damage your device and void the warranty.

Additional information

Your wireless device and third party services

Verizon Wireless is the mobile carrier associated with this wireless device, but many services and features offered through this wireless device are provided by or in conjunction with third parties. Verizon Wireless is not responsible for your use of this wireless device or any non-Verizon Wireless applications, services and products, including any personal information you choose to use, submit or share with others. Specific third-party terms and conditions, terms of use and privacy policies apply. Please review carefully all applicable terms, conditions and policies prior to using this wireless device and any associated application, product or service.

Hearing aid compatibility information

This phone has been tested and rated for use with hearing aids for some of the wireless technologies that it uses. However, there may be some newer technologies that have not been tested yet for use with hearing aids. It is important to try the different features of this phone thoroughly and in different locations, using your hearing aid or cochlear implant, to determine if you hear any interfering noise. Ask your service provider or the manufacturer of this phone for information on hearing aid compatibility. If you have questions about return or exchange policies, ask your service provider or phone retailer.

FCC and IC Compliance

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Electronic Label

Your mobile device may use an electronic label that provides some regulatory information about the device. To see the electronic label, tap **Apps > Settings > About Phone > Regulatory Information**.

Battery Safety

Before assembling, charging or using your mobile device for the first time, please read the important product safety and legal information provided with your product.

If your mobile device becomes unresponsive, try a reboot—press and hold the Power button until the screen goes dark and your device restarts.

For your safety, the battery in your mobile device should only be removed by a Motorola approved service center or independent qualified professional. Don't try to remove or replace the battery yourself—doing so may damage the battery and could cause burning and injury. Don't crush, bend, or expose your mobile device to heat or liquid. This may damage the battery and may cause burning and injury.

Caution about High Volume Usage

WARNING! To prevent possible hearing damage, do not listen at high volume levels for long periods.

Disposal & Recycling

Help do your part! Please don't dispose of mobile devices or electrical accessories (such as chargers, headsets, or batteries) with your household waste. Product packaging and product guides should only be disposed of in accordance with national collection and recycling requirements. For details on approved national recycling schemes and Motorola recycling activities, go to: Motorola.com/Recycling

Usage

This phone supports apps and services that may use a lot of data, so make sure your data plan meets your needs. Contact your service provider for details. Certain apps and features may not be available in all countries.
